Subject: Microsoft Settlement

I would like to voice my support for the Microsoft-Department of Justice settlement. I believe the settlement is fair and provides a reasonable end to curbing antitrust behavior of Microsoft while allowing them to continue to innovate in a very competitive and sometimes cutthroat arena of the computer software business. I applaud the DOJ's willingness to settle this case during our current economic recession and move on. It is clear that the dissenting states have prevented the previous attempt to settle this case out of court. I feel the settlement is fair. Thank you for your consideration. Robert A. Schor M.D.
